29th February 2024

Dear parents, carers, children and young people,

Further to our communications earlier this month, please find attached details of Community Short Breaks that have been commissioned from 1 April 2024.

We will have a combination of after school, Saturday and school holiday activities available across the county.

To confirm, if a school holiday or Saturday activity is run by or located at a school, children and young people do not need to be pupils of the school to access the activities provided on the premises.

Please be aware that arrangements might be subject to change. Any revised details will be available on the Short Breaks website throughout the course of the contract.

You can find FAQs about the retendering process on our webpage:

We are aware that providers may not be working at full capacity during the Easter holidays as they continue their preparations to run the new Short Breaks contracts. Oxfordshire County Council is working closely with them to ensure activity days are available as soon as practically possible.

Yours sincerely,

**Charlotte Davey
Assistant Director of Provider Services
Children's Services**
